A 000	Initial Comments On March 19, 2026, an unannounced licensure survey was conducted for this 28 bed Assisted Living Facility with a census of 18. One complaint was investigated during this survey. LC#20220919016 was unsubstantiated. Deficiencies were cited during this survey for failure to operate in accordance with the Rules of the Alabama State Board of Health (SBOH), Alabama Department of Public Health (ADPH), Chapter 420-5-4, Alabama Administrative Code, for Assisted Living Facilities (ALF). The deficiencies cited pose a potential risk of harm to the residents and require a plan of correction.	A 000		
A 405	420-5-4-.04 (6) Personnel. (6) Training. (a) All staff who have contact with residents, including the administrator, shall have initial training prior to resident contact and refresher training annually and as necessary. Documentation of all staff training to include attendance records and any required post-test or evaluations shall be maintained in the facility. In addition to any information otherwise required by the facility's policies and procedures, the facility shall ensure that prior to resident contact, all staff members receive training on the subject matter listed below: 1. State law and rules on assisted living facilities. 2. Facility policies and procedures. 3. Resident rights.	A 405

Substitute training approved by the Department for use by emergency medical services personnel (EMSP) may be utilized in lieu of those courses or certifications offered by the American Heart Association or American Red Cross in CPR or AED utilization. (c) If the facility admits or retains residents with special needs such as diabetes, hospice, or oxygen therapy, the facility shall provide staff with the appropriate training. (d) Continuing Education. All staff must receive annual continuing education sufficient to remain knowledgeable of the training specified above. This Rule is not met as evidenced by: Based on record reviews and interview, the facility failed to train all staff members in special needs of a resident. Findings: Review of personnel records on March 18, 2026, revealed Employee Identifier (EI)#1, EI#2, EI#3, EI#4, EI#5, EI#6 and EI#7 did not have documentation of training in continuous glucose monitoring. The facility currently had one resident with a diagnosis of diabetes mellitus with glucose levels monitored continuously. EI#1 acknowledged the required training in special needs had not been completed. EI#1 said she was not aware that staff had to be trained on the special need of continuous glucose monitoring since the resident self manages the device.	A 405

No more than 30 days prior to admission, the facility shall assess prospective residents for facility eligibility. This assessment shall document identified care needs and serve as a baseline for future assessments. (b) Monthly Assessments. The facility shall assess each resident monthly and more often when necessary to identify changes in resident's status. In addition to other items that may be required by the facility's own policies and procedures, the monthly assessment shall: 1. Assess the resident's ability to safely self-manage medications or safely self-administer medications with assistance. 2. Accurately weigh and record the weight of each resident. A significant weight loss is defined as a five percent or greater weight loss in a period of one month or less, or a seven and a half or greater weight loss in a period of three months or less, or a ten percent or greater weight loss in a period of 6 months or less. Any weight loss shall be considered to be an unplanned weight loss unless the affected resident has been placed on a restricted calorie diet specifically for the purpose of reducing the resident's weight, and such diet has been approved by the resident's attending physician. 3. Document identified changes in resident status. 4. Assess the appropriateness of each resident's plan of care. Any decline in resident	A 604
